

# Oceanography Seminar

**John Smith**

Science Director

Hawaii Undersea Research Laboratory (HURL)

University of Hawaii

**“Recent collaborative seamount studies in the  
Johnston Atoll monument unit with Falkor,  
Okeanos Explorer, and SOEST”**

Preliminary results from multidisciplinary studies carried out in the recently expanded Johnston Atoll Unit (JAU) of the Pacific Remote Islands Marine National Monument (PRIMNM) over the past four years will be presented. The R/V Kilo Moana, Schmidt Ocean Institute’s R/V Falkor, and the NOAA Ship Okeanos Explorer/ROV Deep Discoverer tandem, along with science teams from
