

Improving Odontocete Acoustic Tracking Performance Using More Informative Measures

Pina Gruden, Ph.D.

Postdoctoral Acoustic Researcher
Joint Institute for Marine and Atmospheric Research
University of Hawai'i at Mānoa

Wednesday, September 29
3:30 pm - 4:30 pm Seminar

Zoom Meeting ID: 935 9608 7383
Passcode: OREseminar

Abstract

Passive acoustic monitoring (PAM) is a frequently used tool for various aspects of marine mammal research,
